

~~SECRET~~

1 July 1963

TO : General Carter

SUBJECT: Visit of Dr. Kinzel - RDRB Meeting
29 June 1963

1. Schedule of Activity, Thursday, 29 June.

a. Dr. Kinzel arrived on time from New York, and we got to Langley at 0930.

b. From 0930 to 1000 Dr. Kinzel was checked out for any Agency clearances he had not previously had.

c. Dr. Kinzel met with the Director from 1000 to about 1030.

d. From 1030 to 1130, at the Director's request, Mr. Kirkpatrick briefed Dr. Kinzel on the organization of CIA, with particular attention to the components having some R&D responsibilities.

e. From 1130 to 1330 Dr. Kinzel met with and had lunch with Mr. Kirkpatrick, [redacted] Bud Wheelon, [redacted] Sid Gottlich, George Miller and the undersigned.

f. Dr. Kinzel rode with Director to the RDRB meeting at NPIC. At NPIC Mr. McCone addressed the RDRB (the same as the lunch group but with the addition of Mr. Lundahl and minus Mr. Kirkpatrick) for a few minutes about the reason for setting up Dr. Kinzel's Advisory Board. The group then moved to the auditorium where Lundahl and company put on a first-rate briefing. (Agenda attached.) The Director left at 1500. The rest of the group stayed until 1630.

g. Dr. Kinzel departed for New York at about 1730 with Bud Wheelon (who was on his way to New Bedford) [redacted]

h. Dr. Kinzel plans to be here next Tuesday, 2 July. He arrives by shuttle at 0920.

2. Other Business.

25X1

a. [redacted] telephoned on Wednesday to say he would like to sign on at the Pickle Works starting about 1 September. I asked Dr. Kinzel, per your request, how he would feel about having [redacted] as his assistant. He said he thought [redacted] first should learn about CIA, and that he (Kinzel) at the start would rather have an Agency man who knew the ropes as an assistant. I told him it was my understanding that you intended to provide him with Agency staff support. We left it that he would discuss with you on Tuesday the exact use of [redacted] 25X1 25X1

b. Dr. Kinzel left biographic data on three men whom the Agency might wish to pick up. (Data attached.) Dr. Kinzel's comments on each are:

[redacted]

25X1

3. Do you wish me to set up a schedule for Kinzel so that on his visits to Washington this month he can get briefed on our major R&D and S&T efforts? Where would you like him to start off tomorrow? If you are able to see him, ^{tomorrow} at what time do you wish to do so? Do you wish him to get the usual consultant fee [redacted] We have done nothing to alter the arrangement he previously had with the DeFlorez board.

25X1

4. I believe you will wish to clear up with Kinzel the job [redacted] will perform. Then I can arrange for salary, slotting, etc. 25X1

5. In regard to the other names that Kinzel submitted, I believe the important thing here is (a) whether Kinzel believes they would be useful in supporting the work of the Advisory Board or (b) whether he believes they might be good men for CIA with or without the Board. If the latter, I can run their papers through the mill in the usual way. You might wish the RDRB to discuss the best use for such men.
